WELCOME MESSAGE

Welcome to JHM Global Scotland Limited (formerly known as Jannet Hopewell Ministries Scotland Limited). We are pleased to share with you all that we have been able to do in the last twelve months since our last report, with the help of God Almighty.

By the Grace of God, we have consistently been able to provide online resources to domestic violence victims and partner organisations in our nation and across the world.

We were able to provide food parcels when possible and sent gift boxes to the needy on our list and their children. We carried on providing counseling, prayers, and emergency responses to women experiencing domestic abuse, as well as assist them with basic needs, where we can.

Our free books, literature and other printed resources were handed over all year round and especially during the month of November, which is the international domestic violence awareness campaign month. We released our signature orange and purple balloons with the 'LOVE DOES NOT HURT' slips of paper in them, in solidarity with victims of domestic violence all over the world

Our Becoming Greater women's conference was a great success in September, with women attending online and in person across designated venues in Africa and Europe, We look forward to an even a much bigger conference in April & July 2025 as well as host for the first time our BG GIRLS conference. We are grateful to BGTV for their partnership and assistance with our conference.

We are very grateful to all our volunteers and those who donated their professional skills, time and resources to enable us achieve our set goals over the last 12 months. May God bless you all.

In His Forever Love,

Jannet Hopewell (Trustee)

Marie C, Tomlin (Trustee)

OUR PURPOSE

JHM Global Scotland charity was set up for:

- 1. The prevention or relief of poverty.**
- 2. The saving of lives.**
- 3. The relief of those in need by reason of age, ill health, disability, financial hardship or other disadvantage.**

The powers contained in Clause 7 of our constitution enables us to do quite a number of things in pursuit of the above areas, which includes assisting women suffering from domestic violence & abuse, provision of biblical & pastoral education, engaging in public awareness campaigns, provision of food, medicines & healthcare to destitute/disadvantaged women and children amongst many other objectives.

We are pleased to report that in the last year, we have been able to make tangible, measurable progress in a few of these areas despite all the challenges we faced, though we would love to have been able do more.

DOMESTIC VIOLENCE

VOICE OF AWARENESS CAMPAIGN

We have worked very hard this year with our '**Voice Of Awareness**' anti-domestic violence campaign. We raised awareness at every level and at every opportunity given to raise the issue of domestic violence and abuse and keep it in the forefront of people's minds. We have been there for the victims to be sure that they are heard.

We have ensured that our online resources are adequate and current. The information on our online website are always under review and we ensure that those looking for information, answers or looking for a way out of their abuse can safely do so.

Library Resources:

In the last 12 months, we sent more of our domestic violence awareness leaflets to libraries across Scotland. The aim is to have the resources made available to women who may be looking for a way out of their dilemma.

2025 Campaign:

Our goal in 2025 is to collaborate with more GP surgeries, dentists, universities, town halls and Citizens Advice bureau and the like to get domestic violence awareness leaflets and posters into places where potential victims can get hold of them.

International Partnerships:

Our partnerships with other domestic violence organisations in other nations around the world has been progressive and we have seen a significant traffic from other nations especially from China. As such we aim to do more in the years ahead and to reach many more people in need of our support and assistance.

DOMESTIC VIOLENCE

INTERNATIONAL DAY FOR THE ELIMINATION OF DOMESTIC VIOLENCE.

For the Autumn 2025 campaign, we plan to partner with more high schools in promoting the international day for the elimination of domestic violence. It is a domestic violence awareness day. It will be held on **25 November, 2024**. As we did in the past, we will use the campaign period to raise more awareness to the evil of domestic violence in our communities.

UN WOMEN stated: "One in three women worldwide experience physical or sexual violence, mostly by an intimate partner. Violence against women and girls is a human rights violation, and the immediate and long-term physical, sexual, and mental consequences for women and girls can be devastating, including death."

Violence negatively affects women's general well-being and prevents women from fully participating in society. It impacts their families, their community, and the country at large. It has tremendous costs, from greater strains on health care to legal expenses and losses in productivity.

At least 155 countries have passed laws on domestic violence, and 140 have legislation on sexual harassment in the workplace (World Bank 2020). But challenges remain in enforcing these laws, limiting women and girls' access to safety and justice. Not enough is done to prevent violence, and when it does occur, it often goes unpunished."

Domestic Violence Resources:

We sent out hundreds of domestic violence leaflets and booklets to Libraries across the United Kingdom, as well as handed them out in the streets.

Information Resources:

This year our volunteer media team created more flyers, posters, booklets and other domestic violence awareness resources which we have made available online throughout the year. Visitors were able to download materials as well as request for information which can be emailed to them. The same resources were made available in print format.

Online Access By Victims:

We are pleased to report that over the last twelve months, we have been able to reach thousands of people who came to us for information, support & encouragement at one point or another from various parts of the United Kingdom and overseas.

Our specially produced VOICE OF AWARENESS CAMPAIGN leaflets are made available at local libraries across Scotland. We are able to supply them to schools, hospitals, public spaces and in commercial shops and community halls and other appropriate venues.

Our team are also willing and able to come to speak to students at schools, universities or similar appropriate settings. Please feel free to email us or telephone us.

STOP VIOLENCE AGAINST WOMEN

ENCOURAGEMENT

One of the things we have learned over the years is that people are suffering from lack of encouragement. Women feel defeated or deflated when things are going wrong in their lives or have gone wrong.

There is not a person on the planet who does not know what it is to be discouraged, feeling hopeless and feeling that life has no meaning anymore. This hopelessness has driven many to suicide and grave mental illness.

So, we at JHM GLOBAL SCOTLAND made the commitment to produce daily devotionals, positive affirmations, encouraging short videos, postcards, leaflets and other media materials to encourage the people we serve.

We have received so many testimonies of people saying things like: "I need that today!" or "This came just at the right time." or "I need this right now" and so on and so forth.

We encourage you to subscribe to our daily devotional which is available online everyday, 24/7. Remember that we are always here for you! God bless!

WOULD YOU KNOW?

Its often difficult to tell if domestic abuse is happening because it usually takes place in the family home and abusers can act very differently when other people are around.

If you are experiencing domestic abuse or know someone who is, call the Freephone National Domestic Violence Helpline on 0808 2000 247

REFUGEE SUPPORT

Immigration Matters:

Most refugees and asylum seekers have access to legal aid and so are able to be assisted by solicitors. However, some have had their appeals right exhausted, whilst others have no resources to be able to launch a new application or submit fresh evidence.

It remains our practice to find organisations who do Pro-Bono work or compassionate solicitors who are willing to take a second look at their cases. This is a tough task but we press on doing all that we can, even when it may seem hopeless at times.

Above all else we continue to pray for them and their families that there will be a good outcome in the end. We have seen some successes and answer to prayer in a few cases too, therefore, we are encouraged to keep on assisting those in need.

SUPPORT:

From **2023 to 2024**, we assisted refugees and asylum seekers who are either destitute or homeless with children. Others are without status in the United Kingdom and are also fleeing from abusive relationships.

Availability Help:

We continue to provide food support to those in desperate need by asking our donors to kindly help meet their practical need by providing them with essential food supplies. We are grateful for their unflinching support always.

We have referred people to food banks, especially those living in destitution. It has been our practice to remain in contact with those we help or have helped to know how they and their children are doing so that they feel supported and know that genuine help is at hand for them.

BECOMING GREATER CONFERENCE

Our Becoming Greater Women Conference 2024 took place in Edinburgh, Scotland, Lagos, Nigeria.

It was well attended by many delegates. It was broadcasted and air in partnership with BGTV, who provided the technology and staff to help the charity achieve this. We look forward to a more successful conference in July 2023 and we hope many more delegated will at tend.

We are gretaful to all our speakers, volunteers and most especially our Founder.Trustee, Pastor Jannet Hopewell.

FINANCIAL STATEMENT

We are currently not in receipt of any local authority, government or private funding or grant for our work. We are not funded by any organisation nor do we receive stipends, gratuities, loans, endowments or investments from any party, be it public or private. There are no paid staff members at this charity!

In the financial year 2023-2024, we did not engage in any fundraising activities for so many reasons, lack of volunteers being top on that list.

We realised many years ago that our best assets are people, volunteers and partners who are willing to support us with their time, resources and mostly their services rather than back us with cash. That is our experience from the onset since 2012 and this realisation has shaped how we operate and grow the charity. People are our most valued assets and resources.

We have developed partnerships with friends who help us print our materials, with graphic designers who help us create the different posters, booklets, leaflets and other printed resources. Our web team are volunteers who specialise in IT work and donate their time, resources and services which enables us to reach thousands of people. We have donors who support us with essential food parcels, healthcare materials and other items which we give to the women & families we support.

Whenever we need a product, goods or services, we often approach our partners who provide us freely rather than ask them for cash donations. We find people are more than willing to support our work in this way. Our experience has been that it is not how much money the charity has in the bank but how effectively we get a vast amount of things done by just asking for the particular gift(s) required or the services we need at any one time from our partners.

It is important to report that we do not have any external debt owed to anyone.

Please see our latest set of accounts overleaf.

LOOKING AHEAD

Our vision for the future is to see an increase in the number of users of our online resources as well as our in-house services and we aim to be able to widen our campaign against domestic violence and abuse.

We will keep working to develop more international connections and partnerships with whom we can work to raise awareness of the evil of domestic violence and abuse in the general.

The sooner we tackle the problems with the next generation, the better chances we have of preventing young men from becoming perpetrators and of preventing young teen girls from becoming future victims of domestic abuse.

We also plan to assist the ethnic minority community with support in areas of Neurodiversity, such as Dyslexia, ADHD, austims and similar challenges.

We plan to prpvide access to training courses, immigration and asylum support, vocational traning in areas such as sewing & dressmaking, cookery & baking, candle making, television program productions, claywork & pottery. The aim is to forster intergration and development of ethnic minorities.

OUR VOLUNTEERS

2023-2024 has been a busy time in the ministry and we are grateful to God for all that He alone has enabled us to do and to deliver.

As with the previous years, our global effort was focused on elevating women and intensifying our effort to oppose domestic violence and abuse and to shine more light on the damages it does to women, both at home and abroad.

Our prayers remain with everyone affected by the scourge of domestic violence and abuse. We pray that they will be healed and recover from their pain and hurt. We pray that they will bounce back, get stronger and get back on their feet again to the Glory of the Almighty God.

Our precious volunteers are our lifeline and we take this opportunity here and now to say a VERY BIG THANK YOU to them all! We are grateful to all our past and present volunteers. We love you and we want you to know that we appreciate you and we need you to keep supporting the collective work we do to make the lives of many people better.

As always we are seeking fresh volunteer pastors, prayer team members, graphic designers, videographers, producers and editors, domestic violence campaigners, leaflet distributors, web & IT technology experts, administrative volunteers and many others, as well as occasional helpers, part time & full time volunteers and online helpers. Our goal is to see domestic violence eradicated, and the needy supported worldwide.

In 2023-2024 season our volunteers logged an estimated 10,000 man hours, which when estimated at £11/hour, translates to around £110,000 GBP in monetary value. Wow!

We are more than grateful for your contributions. Thank you & may God bless you always!
